ROCHELLE'S SEEDS

Wholesale --- All New Crop All Danish Grown

(The best Seeds that we can buy, after thirty-nine years
of growing the crops and testing strains of seed.)

All the seeds we offer we had grown for us by one of the largest and most
expensive seed growers of Denmark. The slight increase in prices is due
to added expense of importing, caused by the European War conditions.

Before being shipped to us they were tested for germination by the Danish
State Seed Testing Station with the results given opposite each kind.
